Empowering Africa Entrepreneurs Into Global Giants

2023 ACCELERATOR COHORT

MEET OUR COHORT MEMBERS

Powered By:

The Africa Street MBA is an entrepreneurial platform that provides an integrated business support for start-ups and small businesses through capacity building, mentorship, business development services and funding for young entrepreneurs with innovative ideas or early-stage ventures.

OUR IMPACT

The programme seeks to impact young people with world-class business knowledge based on top MBA curriculum and entrepreneurial course content.

BRIDGE THE BUSINESS GAP

Africa Street MBA has been designed to bridge the business knowledge gap and help young people from poor backgrounds, and young people with low education to also have the opportunity to build a world-class enterprise.

THE YOUTH ARE OUR PRIORITY

Overall, the Africa Street MBA will impact 10,000 young people annually through its community (SME Hub) which encompasses activities including but not limited to events, accelerator programmes, mentorship, training, workshops/seminars and seed funding.

Africa Street MBA seeks to achieve the following specific objectives:

- Increase in-country business knowledge among the youth thereby empowering the youth to be world-class entrepreneurs.
- Reduce the start-up failure rate in Africa by providing platforms to entrepreneurs to access business education, technical and business advisory services, funding and access markets.
- Empower the youth through entrepreneurship to be agents of change in reducing unemployment rate in Africa and beyond.
